Product description
"Billytex Bestoflex"
Composed of a two component polyurethane compound with a thickness of 1 mm and weight approx. 1.3 kg/m².

Application/Limitation
Primary deck covering, not generating excessive quantites of smoke nor toxic products in fire.

Approved for use throughout the accommodation.

Not to be used as an integrated part of a horizontal class A division, unless tested as such.

Each product is to be supplied with its manual for installation and use.

Type Examination documentation
Test report No. 2010-0759 and No. 2010-0760 both dated 19 November 2010, from Fire Insurers Laboratories of Korea (FILK), Korea.

Tests carried out
Tested according to IMO FTPC Parts 2 and 6 and in compliance with IMO 2010 FTP Code Ch.8.

Marking of product
The product is to be marked with name of manufacturer, type designation and fire-technical rating, Mark of Conformity and USCG approval if applicable (see page 1).
