DNV GL local station:
**Gimhae Station**

Approval Engineer:
**Tomasz Werchowicz**

Notified Body
No.: **0575**

for **DNV GL AS**

**Vidar Dolonen**
**Head of Notified Body**

A U.S. Coast Guard approval number will be assigned to the equipment when the production module has been completed and will appear on the production module certificate (module D, E or F), as allowed by the "Agreement between the United States of America and the EEA EFTA states on the mutual recognition of Certificates of Conformity for Marine Equipment" signed 17 October 2005.

The mark of conformity may only be affixed to the above type approved equipment and a Manufacturer's Declaration of Conformity issued when the production-surveillance module (D, E or F) of Annex B of the MED is fully complied with and controlled by a written inspection agreement with a Notified Body. The product liability rests with the manufacturer or his representative in accordance with Directive 2014/90/EU.
This certificate is valid for equipment, which is conform to the approved type. The manufacturer shall inform DNV GL AS of any changes to the approved equipment. This certificate remains valid unless suspended, withdrawn, recalled or cancelled.
Should the specified regulations or standards be amended during the validity of this certificate, the product is to be re-approved before being placed on board a vessel to which the amended regulations or standards apply.

## Product description
"DKGF001D Glass"
consisting of an aluminium foil, adhesive and glass fiber cloth.

Nominal thickness: 0.23 mm

## Application/Limitation
Approved for use as low flame spread surface material, not generating excessive quantities of smoke nor toxic products in fire.

Approved for use as decorative veneers on non-combustible substrate.

Any adhesive used, other than the one used during testing, has to be tested for low flame spread characteristics according to IMO 2010 FTP Code part 5 and to be approved according to the Marine Equipment Directive and bear the Mark of Conformity.

Maximum gross calorific value shall be documented separately where applicable, ref. SOLAS Chapter II-2 Reg. 5.3.2.

Each product is to be supplied with its manual for installation, use and maintenance.

## Type Examination documentation
Test report No. G2012-0435 dated 22nd August 2012 from Fire Insurers Laboratories of Korea.

## Tests carried out
Tested according to IMO FTPC Part 5 and Annex 2 item 2.2, and in compliance with IMO 2010 FTP Code Ch. 8.

## Marking of product
The product or packing is to be marked with name and address of manufacturer, type designation, the Mark of Conformity and USCG approval number if applicable (see first page).
