EUROPEAN UNION RECOGNISED ORGANISATION (EU RO) MUTUAL RECOGNITION TYPE APPROVAL CERTIFICATE

Certificate No:
MRA000002J

In accordance with Article 10.1 of EU Regulation 391/2009

This Certificate is issued to
KEUMYANG IND. CO., LTD.
Busan, Republic of Korea

for
Sensors

with type designation(s)
Inductive sensor IS Series

The product is found to comply with
EU RO Mutual Recognition Technical Requirements for Sensors

Intended service
Sensors intended for observing the mechanical operating condition and position.

Temperature [°C]:	**5 to 55**
Vibration:	**±1.6mm/4.0g**
EMC:	**All locations except bridge and open deck**
IP Code:	**IP67**

This is to certify:

that the Product referred to herein has been inspected for the Manufacturer, pursuant to the relevant requirements of the European Union Recognised Organisation Mutual Recognition procedure, required by Article 10.1 of EU Regulation 391/2009, and has been found in accordance with those requirements.

This Certificate is valid until **2025-02-03**.

Issued at **Høvik** on **2020-12-09**
DNV GL local station: **Gimhae Station** for **DNV GL**

Approval Engineer: **Nils Jarem**

Marta Alonso Pontes
Head of Section

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid.
The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.
LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV GL AS, its parent companies and subsidiaries as well as their officers, directors and employees ("DNV GL") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Job Id: **262.4-000012-7**
Certificate No: **MRA000002J**

Product description

Inductive sensor

Supply voltage:	24 Vdc
Wire type:	4-wire
Output signal:	4-20 mAdc
Connection type:	by cable
Mounting type:	Flange
Distance:	0~10mm
Accuracy:	FS 2.0%

Manufactured by

KEUMYANG Ind. Co., Ltd.
7, Hwangneyongdaero 497beon gil,
Suyeong, Busan, Korea

Application/Limitation

The Type Approval covers all hardware listed under Product description. The sensors are intended for use in alarm and monitoring systems subject to classification.

EMC in the range 2 GHz to 6 GHz according to IACS UR E10 rev. 7 has not been documented. EMC up to 6 GHz must additionally be documented for installation on ships contracted for construction on or after 2022-01-01.

Type Approval documentation

Marking of product

The products to be marked with:
- manufacturer name
- model name
- serial number
- power supply ratings

Other Conditions

The sensor has been verified for compliance with EU Mutual Recognition Technical Requirements for Sensors version 0.4.

Environmental test parameters		DNV GL location classes
Temperature:	5°C and 55°C	A
Vibration:	±1.6mm/4.0g	B
Humidity:	95%RH @ 55°C, damp heat cyclic	B
EMC:	All locations except bridge and open deck	A
Enclosure:	IP67 (IP-ratings according to IEC 60529)	B

Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the type are complied with, and that no alterations are made to the product design or choice of systems, software versions, components and/or materials.

The main elements of the assessment are:
- Ensure that type approved documentation is available
- Inspection of factory samples, selected at random from the production line (where practicable)
- Review of production and inspection routines, including test records from product sample tests and control routines
- Ensuring that systems, software versions, components and/or materials used comply with type approved documents and/or referenced system, software, component and material specifications
- Review of possible changes in design of systems, software versions, components, materials and/or performance, and make sure that such changes do not affect the type approval given
- Ensuring traceability between manufacturer's product type marking and the type approval certificate

Periodical assessment is to be performed annually and at renewal of this certificate.

END OF CERTIFICATE

Job Id: **262.4-000012-7**
Certificate No: **MRA000002J**

Generic Statement for EU RO MR Type Approval Certificate

When a product is presented with this EU RO MR Type Approval Certificate for given application, its acceptability with regards to the limitations stated in the certificate conditions defined in 1b, 1c and 1d of the applied Technical Requirement will be evaluated by the EU RO in charge of classing the ship or being in charge of the unit/system certification.

In accordance with Article 10 of Regulation (EC) No 391/2009 of the European Parliament and of the Council of 23 April 2009 "on common rules and standards for ship inspection and survey organizations", the following organizations, recognized by the EU on this date, have agreed on the technical and procedural conditions under which they will mutually recognize this certificate:

- American Bureau of Shipping (ABS);
- Bureau Veritas (BV);
- China Classification Society (CCS);
- Croatian Register of Shipping (CRS);
- DNV GL;
- Indian Register of Shipping (IRS);
- Korean Register (KR);
- Lloyd's Register Group Ltd. (LR);
- Nippon Kaiji Kyokai General Incorporated Foundation (ClassNK);
- Polish Register of Shipping (PRS);
- RINA Services S.p.A. (RINA);
- Russian Maritime Register of Shipping (RS).

The scheme for the mutual recognition of class certificates for materials, equipment and components laid down by Article 10(1) of Regulation (EC) No 391/2009 is only enforceable within the Union in respect of ships flying the flag of a Member State. As far as foreign vessels are concerned, the acceptance of relevant certificates remains at the discretion of relevant non-EU flag States in the exercise of their exclusive jurisdiction, notably under the United Nations Convention on the Law of the Sea (UNCLOS). (In accordance with COMMISSION IMPLEMENTING REGULATION (EU) No 1355/2014 amending Regulation (EC) No 391/2009 - recital (25)).
