EUROPEAN UNION RECOGNISED ORGANISATION (EU RO) MUTUAL RECOGNITION TYPE APPROVAL CERTIFICATE

Certificate No:
MRA000004G

In accordance with Article 10.1 of EU Regulation 391/2009

This Certificate is issued to

Shanghai Lingyuan Equipment and Engineering Co., Ltd.

Shanghai, **China**

for
Level Switches

with type designation(s)
TPT-N

The product is found to comply with
EU RO Mutual Recognition Technical Requirements for Level Switches

Intended service
Level switches with temperatur sensor for control, monitoring, alarm, and safety functions subject to classification.

Temperature [°C]:	**-20°C to 70°C**
Vibration:	**± 1,6mm/4.0g**
EMC:	**All location except bridge and open deck**
IP Code:	**IP67**

This is to certify:

that the Product referred to herein has been inspected for the Manufacturer, pursuant to the relevant requirements of the European Union Recognised Organisation Mutual Recognition procedure, required by Article 10.1 of EU Regulation 391/2009, and has been found in accordance with those requirements.

This Certificate is valid until **2028-09-24**.

Issued at **Hamburg** on **2023-09-25**

DNV local unit: **Shanghai**

for **DNV**

Approval Engineer: **Holger Jansen**

Joannis Papanuskas
Head of Section

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid.
The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.
LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

Capacitive level switch with integrated temperature sensor

Type: TPT-N-xx[1]-x[2]-xx[3]-xx[4]-xxxx[5]

xx[1]-Type	01	Flow switch temperature sensor output RTD
	02	Flow switch temperature sensor output 4-20mA
	03	Flow switch without temperature sensor
x[2]-Protection tube	1	AISI316
	9	Other
xx[3]-Process connection	10	G1”
	20	G¾”
	9x	Other
xx[4]-Insertion length (mm)	90	90mm
	xx	Specified
xxxx[5]-Cable length (m)	0250	2.5 m
	0350	3.5 m
	0500	5.0 m
	xxxx	Specified (max. 6.0m)

Power supply: 24Vdc / 3 W max.

Manufactured by

SHANGHAI LINGYUAN EQUIPMENT AND ENGINEERING LTD
5/F(E) Building 24, No. 1000 Jinhai Road, China (Shanghai)Pilot
Free Trade Zone/50 meters north of No. 2323 Zhouzhu Road
Pudong New District, Shanghai

Application/Limitation

The Type Approval covers all hardware listed under Product description. The level switches are intended for use in control, monitoring, alarm and safety systems subject to classification.
Technical installation and operation manual to be provided for each delivery
Sensor cable length not longer than 6m.
Limitation according valid and amended EU RO MR Group technical requirements to be observed.

Type Approval documentation

Marking of product

The products to be marked with:

- Manufacturer name
- Model name:
- Unique serial number
- Supply Voltage

Other Conditions

The units have been verified for compliance with EU Mutual Recognition Technical Requirements for Level Switches version 0.1, dated 2023-07-01.

Environmental test parameters:		DNV location classes
Temperature:	-20°C and 70°C	B
Humidity:	95%RH @ 55°C	B
Vibration:	±1.6 mm / 4.0 g	B
EMC:	All locations except bridge and deck zone	A
Enclosure:	IP67 (IP-ratings according to IEC 60529)	B

.

Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the type are complied with, and that no alterations are made to the product design or choice of systems, software versions, components and/or materials.

The main elements of the assessment are:

- Ensure that type approved documentation is available
- Inspection of factory samples, selected at random from the production line (where practicable)
- Review of production and inspection routines, including test records from product sample tests and control routines
- Ensuring that systems, software versions, components and/or materials used comply with type approved documents and/or referenced system, software, component and material specifications
- Review of possible changes in design of systems, software versions, components, materials and/or performance, and make sure that such changes do not affect the type approval given
- Ensuring traceability between manufacturer's product type marking and the type approval certificate

Periodical assessment is to be performed annually and at renewal of this certificate.

Generic Statement for EU RO MR Type Approval Certificate

When a product is presented with this EU RO MR Type Approval Certificate for given application, its acceptability with regards to the limitations stated in the certificate conditions defined in 1b, 1c and 1d of the applied Technical Requirement will be evaluated by the EU RO in charge of classing the ship or being in charge of the unit/system certification.

In accordance with Article 10 of Regulation (EC) No 391/2009 of the European Parliament and of the Council of 23 April 2009 "on common rules and standards for ship inspection and survey organizations", the following organizations, recognized by the EU on this date, have agreed on the technical and procedural conditions under which they will mutually recognize this certificate:

- American Bureau of Shipping (ABS);
- Bureau Veritas (BV);
- China Classification Society (CCS);
- Croatian Register of Shipping (CRS);
- DNV;
- Indian Register of Shipping (IRS);
- Korean Register (KR);
- Lloyd's Register Group Ltd. (LR);
- Nippon Kaiji Kyokai General Incorporated Foundation (ClassNK);
- Polish Register of Shipping (PRS);
- RINA Services S.p.A. (RINA);
- Russian Maritime Register of Shipping (RS).

The scheme for the mutual recognition of class certificates for materials, equipment and components laid down by Article 10(1) of Regulation (EC) No 391/2009 is only enforceable within the Union in respect of ships flying the flag of a Member State. As far as foreign vessels are concerned, the acceptance of relevant certificates remains at the discretion of relevant non-EU flag States in the exercise of their exclusive jurisdiction, notably under the United Nations Convention on the Law of the Sea (UNCLOS). (In accordance with COMMISSION IMPLEMENTING REGULATION (EU) No 1355/2014 amending Regulation (EC) No 391/2009 - recital (25)).
