

EUROPEAN UNION RECOGNISED ORGANISATION (EU RO) MUTUAL RECOGNITION TYPE APPROVAL CERTIFICATE

Certificate No:
MRA000005W

In accordance with Article 10.1 of EU Regulation 391/2009

This Certificate is issued to

BEDIA Motorenteknik GmbH & Co.KG
Altdorf b. Nürnberg, Bayern, Germany

for

Level Switches

with type designation(s)

CLS50/55 Capacitive Level Switch

The product is found to comply with

EU RO Mutual Recognition Technical Requirements for Level Switches

Intended service

Level switches intended for use in control, alarm, monitoring and instrumentation systems subject to classification.

Location classes:

Temperature [°C]: -25 to 70
Vibration: ±1.6 mm / 4.0 g
EMC: All locations excluding bridge and open deck
IP Code: IP65 - 69 (depending on connection type)

This is to certify:

that the Product referred to herein has been inspected for the Manufacturer, pursuant to the relevant requirements of the European Union Recognised Organisation Mutual Recognition procedure, required by Article 10.1 of EU Regulation 391/2009, and has been found in accordance with those requirements.

This Certificate is valid until **2031-04-19**.

Issued at **Hamburg** on **2026-04-20**

DNV local unit: **Augsburg**

for **DNV**

Approval Engineer: **Holger Jansen**

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid. The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

CLS50/55 Capacitive Level Switches

Operating Voltage:	12/24 Vdc for CLS 50 5/12 Vdc for CLS 55
Process media:	Oil, Water, Methanol
Medium temperature:	Water: -40°C to 125°C Oil: -40°C to 150°C Methanol: 0°C to 60°C
Sensor output:	HSS – High Side Switch: 1A (CLS50 only) LSS – Low Side Switch: 1 A (CLS50 only) LSS – Low Side Switch: 0,5 A (CLS55 only) AOU – Analogue Output Voltage AOP – Analogue Output Proportional (CLS55 only)
Operation Mode:	Minimum operating current sensor Minimum quiescent current sensor Maximum operating current sensor Maximum quiescent current sensor
Switch point:	28mm ± 6 mm
Housing:	Stainless steel
Process Connection:	external thread
Electrical Connection:	With plug connection or flying leads

Manufactured by

BEDIA Motorentechnik GmbH & Co. KG
Gewerbepark an der A6
Im Erlet 1
90518 Altdorf/ Germany

Application/Limitation

When used on tanks containing flammable liquids within machinery space an isolating valve shall be fitted between tank and sensor. This application is not a part of Type Approval and should be approved for each case.

Fixed cable to be of approved type.

Type Approval documentation

Marking of product

The products to be marked with:

- manufacturer name
- model name
- product code
- power supply rating

Other Conditions

The units have been verified for compliance with EU Mutual Recognition Technical Requirements for Level Switches version 0.2, dated 2025-01-01.

Environmental test parameters:

Temperature: -25°C and 70°C

Humidity: 95%RH @ 55°C

Vibration: ±1.6 mm / 4.0 g

EMC: All locations except bridge and deck zone

DNV location classes

Periodical assessment

The scope of the periodical assessment is to verify that the conditions stipulated for the type are complied with, and that no alterations are made to the product design or choice of systems, software versions, components and/or materials.

The main elements of the assessment are:

- Ensure that type approved documentation is available
- Inspection of factory samples, selected at random from the production line (where practicable)
- Review of production and inspection routines, including test records from product sample tests and control routines
- Ensuring that systems, software versions, components and/or materials used comply with type approved documents and/or referenced system, software, component and material specifications
- Review of possible changes in design of systems, software versions, components, materials and/or performance, and make sure that such changes do not affect the type approval given
- Ensuring traceability between manufacturer's product type marking and the type approval certificate

Periodical assessment is to be performed annually and at renewal of this certificate.

END OF CERTIFICATE

Generic Statement for EU RO MR Type Approval Certificate

When a product is presented with this EU RO MR Type Approval Certificate for given application, its acceptability with regards to the limitations stated in the certificate conditions defined in 1b, 1c and 1d of the applied Technical Requirement will be evaluated by the EU RO in charge of classing the ship or being in charge of the unit/system certification.

In accordance with Article 10 of Regulation (EC) No 391/2009 of the European Parliament and of the Council of 23 April 2009 "on common rules and standards for ship inspection and survey organizations", the following organizations, recognized by the EU on this date, have agreed on the technical and procedural conditions under which they will mutually recognize this certificate:

- American Bureau of Shipping (ABS);
- Bureau Veritas (BV);
- China Classification Society (CCS);
- Croatian Register of Shipping (CRS);
- DNV;
- Indian Register of Shipping (IRS);
- Korean Register (KR);
- Lloyd's Register Group Ltd. (LR);
- Nippon Kaiji Kyokai General Incorporated Foundation (ClassNK);
- Polish Register of Shipping (PRS);
- RINA Services S.p.A. (RINA).

The scheme for the mutual recognition of class certificates for materials, equipment and components laid down by Article 10(1) of Regulation (EC) No 391/2009 is only enforceable within the Union in respect of ships flying the flag of a Member State. As far as foreign vessels are concerned, the acceptance of relevant certificates remains at the discretion of relevant non-EU flag States in the exercise of their exclusive jurisdiction, notably under the United Nations Convention on the Law of the Sea (UNCLOS). (In accordance with COMMISSION IMPLEMENTING REGULATION (EU) No 1355/2014 amending Regulation (EC) No 391/2009 - recital (25)).
