Applications/Limitations

Engine category: Diesel propulsion engine (Compression ignition)

Technical documentation

- NPS V ID/Proj: 341.3-000601-1, Reg. Date: 2018-11-28

Applied Standards/Tests carried out

- Exhaust emission measurement of the Parent Engine in accordance with a harmonised standard in accordance with Directive 2013/53/EU. Applied test cycle:
E5: Diesel engines for craft less than 24 m in length (propeller law).
- Verification of the relevant technical documentation submitted by the engine manufacturer.

Results of examination

The engine family described above meets the essential requirements for exhaust emissions from propulsion engines of Recreational Craft Directive 2013/53/EU, annex I, part B regarding:

- I. B. 1. Propulsion Engine identification
- I. B. 2. Exhaust emission requirements
- I. B. 3. Durability
- I. B. 4. Owner's manual

Terms and conditions

The following conditions may render this certificate invalid:

- Changes in the design or construction of the product
- Changes or amendments to the Directive
- Changes or amendments in the standards which form the basis for documenting compliance with the essential requirements of the Directive

Marking of product

This Certificate is concerned with the design of the product, only. In order to fully meet with the requirements of the Directive and legally affix the CE mark, the manufacturer shall have the final product and/or production assessed according to one of the procedures listed below and finally draw up an EC declaration of conformity.

Conformity assessment procedures for production as described in Annex II of the Decision No 768/2008/EC of the European Parliament and of the Council:

- Conformity to type based on internal production control (Module C)
- Conformity to type based on internal production control plus supervised product testing (Module C1)
- Conformity to type based on quality assurance of the production process (Module D)
- Conformity to type based on product quality assurance (Module E)
- Conformity to type based on product verification (Module F)

Other directives, covering other phenomena, and also having requirements related to CE marking, might also apply.
