## Jurisdiction

DNV is appointed by the Central Authority of the German Federal States for Safety (ZLS) as a "Notified Body" in accordance with § 15(1) of the Product Safety Act (ProdSG) to carry out conformity assessment procedures on Recreational Crafts in the scope of ProdSG and Directive 2013/53/EU according to the administrative decision No. ZLS-Z1471-2020/3-1.

## Certificate history

This is the original Certificate.

## Product description

|                                      |           |                                                 |                 |
|--------------------------------------|-----------|-------------------------------------------------|-----------------|
| Type designation:                    | HR 555 BR |                                                 |                 |
| Type of craft:                       | Powerboat | Model code*:                                    | SE-HRPE         |
| Type of hull:                        | Monohull  | Construction material:                          | FRP             |
| Length of hull (L <sub>n</sub> ), m: | 5.52      | Light craft cond. mass (m <sub>LCC</sub> ), kg: | 961             |
| Beam of hull (B <sub>n</sub> ), m:   | 2.14      | Fuel system: (fixed or portable)                | Fixed           |
| Draft, m:                            | 0.86      | Type of engine(s):                              | Outboard Petrol |
| Propulsion:                          | Outboard  |                                                 |                 |

\*First characters of the WIN code.

## Applications/Limitations

| Design category:                               | A | B | C   | D |
|------------------------------------------------|---|---|-----|---|
| Maximum number of persons, CL:                 |   |   | 6   |   |
| Maximum engine power, prop. shaft, kW:         |   |   | 112 |   |
| Maximum load (m <sub>MTL</sub> ), kg:          |   |   | 732 |   |
| Maximum load as stated on Builder's Plate, kg: |   |   | 625 |   |
| Maximum mass of outboard engine(s), kg:        |   |   | 261 |   |

## Technical documentation

DNV NPS job id: 341.3-000975-1

## Applied Standards/Tests carried out

Applied standards specified in the technical documentation

## Terms and conditions

The following conditions may render this certificate invalid:

- Changes in the design or construction of the product
- Changes or amendments to the Directive
- Changes or amendments in the standards which form the basis for documenting compliance with the essential requirements of the Directive

## Marking of product

This Certificate is concerned with the design of the product, only. In order to fully meet with the requirements of the Directive and legally affix the CE mark, the manufacturer shall have the final product and/or production assessed according to one of the procedures listed below and finally draw up an EC declaration of conformity.

Conformity assessment procedures for production as described in Annex II of the Decision No 768/2008/EC of the European Parliament and of the Council:

- Conformity to type based on internal production control (Module C)
- Conformity to type based on internal production control plus supervised product testing (Module C1)
- Conformity to type based on quality assurance of the production process (Module D)
- Conformity to type based on product quality assurance (Module E)
- Conformity to type based on product verification (Module F)

Other directives, covering other phenomena, and also having requirements related to CE marking, might also apply.
