Product description

Hands Free Voice Talk Back System, consisting of the following components[1)]:

Module	Article no	Location
Centrals	CU-10	Protected
	CU-20	Protected
Operator Panels	CTB-10	Protected
	CTB-10W/V01	Protected
	CTB-20	Protected
	CTB-20W/V01	Protected
Talk Back Substations	STB-1	Protected
	STB-2	Protected
	STB-3	Protected
	STB-5	Protected
	STB-6	Protected
	H-112M	Protected
Power Supply unit	SPS-4	Protected

[1)] Actual installation may vary based on requirements for individual installations. Only modules listed in certificate are approved for installation.

Application/Limitation

Application

The product approval is limited to any of the following functions:

1- Two-way voice communication not requiring more than 3 extensions and not requiring simultaneouse calls between substations,
2- Hands-free two way voice communication system in accordance with January 2014 DNV Rules Pt. 6 Ch. 8 Sec. 6 J108, provided that approved substations with hands-free All Call are fitted at all required locations and that the system is not connected to the vessel's PA system.

Limitations

1- The system cannot be used as Emergency PA system unless the external PA amplifier and the corresponding interfaces are type approved. The products can be used as General PA after approval for each installattion.
2- The unit VML-1520 was only tested with regards to functionality, and the environmental requirements for the unit have not been documented. The unit is subjected to approval for environmental requirements for each installation.
3- The units MB-30G, ETC-1-TB and P-MT7 have not been tested based on the vibration requirements. The units are subject to approval regarding vibration for each installation.

1	DANAK-197395	2004-05-12	Report: Delta, Type Approval testing of Talk Back and PA/GA Systems performed for Zenitel Norway ASA (Marine), Environmental Test report according to IEC60945
2	Tb_CTB-DNV Type Approval Performance Test Rev 10_2_06	10_2_06	Report: DNV, Performance test for CTB for DNV Type Approval"
3	CTB_iu Rev. 02.1 dated 2006.12.20	02	Manual: STEENHANS, Installation & User Manual, Command Talk Back system CTB10 & CTB-20

Tests carried out

IEC 60945 Fourth Edition (2002)
Performance tests: Functional tests according to DNV Type Approval program 848.22

Marking of product

The Manufacturer and Type Designation to be applied to the equipment in a clearly visible location. In addition the equipment shall be marked with serial number, safe distance to magnetic compass, power consumption and/or supply voltage.

Periodical assessment

A retention survey is to be performed at least once every second year, and again upon renewal of this certificate.
The scope of the retention/renewal survey is to verify that the production quality conditions stipulated for the type approval are complied with and that no alterations are made to the product design or its components and/or materials without appraisal by the Society.
