Conditions

Type certification means that the boat builder has engaged himself to build boats in series identical to the prototype which the Society has inspected and found to be in accordance with the abovementioned standard. The production of the type certified boat is subject to surveillance by the Society, by inspection. Boats of the certified type are to be equipped with an individual certificate to be issued upon product survey.

Certification of the boat's electrical propulsion system is accepted on the following basis:

- ESCOPOWER electrical generating system and electric propulsion test, ref.:
 - o Kewatec sea trial report dated 2022-11-09
 - o ESCOPOWER commissioning report dated 2022-12-20
- Approval of the EES space safety assessment report, ref.:
 - o Approval letter M-SA-CE/NEDAD/P35199-J-170

Boat type

Boat type identification number:	660.02
Application of standard:	Requirements for decked craft

Particulars

Length, Loa:	23.6 m
Beam incl. fenders, B max:	6.4 m
