Product description

Ecomar AF 100: Organotin-free anti-fouling paint based on chlorinated rubber

Colours: The products are available in various colours. Please contact the local Nippon Paint Representative for details.

Active ingredients:

CAS No. 1317-39-1 Copper(1) oxide

CAS No. 13463-41-7 Zinc pyrithione

Manufactured by

Wilckens Farben GmbH, Schmiedestraße 10, 25348 Glückstadt, Germany

DNV GL local station: Hamburg

Application/Limitation

The issuance of this certificate is solely connected to the control of the Anti-Fouling System, AFS, with regard to compliance with the International Convention on the Control of Harmful Anti-Fouling Systems on Ships.

It does not cover verification of surface preparation, corrosion protection, fire, health and safety precautions, durability of the AFS or environmental properties other than regulated by the Convention.

Type Approval documentation

Tests carried out

Examined based on the Type Approval Certificate No. 500 001 of 2018-03-08 issued by BG Verkehr.

- **Ecomar AF 100:** <0.25 % by weight tin (SN)

Marking of product

Product shall be marked with manufacturer's name; Nippon Paint Marine (Europe) GmbH, place of production and type designation.

The marking is to be carried out in such a way that it is visible, legible and indelible. The marking of product is to enable traceability to the DNV GL Type Approval Certificate.

Periodical assessment

The scope of the Periodical Assessment is to verify that the conditions stipulated for the Type Approval is complied with and that no alterations are made to the product design or choice of materials.

Periodical Assessment to be performed after 2 and 3.5 years (Certificate Retention) and at renewal after 5 years (Certificate Renewal).

The main elements of the Periodical Assessment are to: • Ensure that Type Approval documentation is available. • Review design, materials, production process, and performance with respect to possible changes, in order to ensure compliance with Type Approval documentation and/or referenced material specifications. • Ensure traceability between manufacturer's product marking and DNV GL Type Approval Certificate.
