Product description

SD Zinc 1000HA(S); a two-pack, inorganic zinc silicate shop-primer.

Manufactured by

Kansai Paint Ako Co., Ltd., 980-1, Nishihama-cho, Ako, Hyogo-Pref, 678-0208, Japan

DNV GL local station: Kobe

Responsibility

The Company (stated on the front page of this Certificate) takes the responsibility that both design and production are in compliance with Rules, Standards and/or Regulations listed on page 1 of this certificate.

Application/Limitation

The shop primer is approved for application on blast cleaned steel plates and sections.

The approval test does not include an examination of possible effects of welding with this primer on the welder's state of health.

This approval only verifies that the shop primer tested has no detrimental effect on the finished weld, on condition that the film thickness applied is in accordance with the manufacturer's recommendation.

Type Approval documentation

Tests carried out

Type Testing carried out in accordance with **Type Approval documentation**.

Reference is made to DNV GL Type Testing Report No. 2014-3234, 18487899/DNV, "Type Approval Testing of Shop Primer SD Zinc 1000HA(S)" of 2014-10-20, with the following test result:

- 4% porosity (max. allowed porosity 15%)

Marking of product

Product/package shall be marked with *manufacturer's name*; **Kansai Paint Ako Co., Ltd.** and *type designation*.

The marking is to be carried out in such a way that it is visible, legible and indelible. The marking of product is to enable traceability to the DNV GL Type Approval Certificate.

Periodical assessment

The scope of the Periodical Assessment is to verify that the conditions stipulated for the Type Approval is complied with and that no alterations are made to the product design or choice of materials.

Periodical Assessment to be performed after 2 and 3.5 years (Certificate Retention) and at renewal after 5 years (Certificate Renewal).

The main elements of the Periodical Assessment are to:

- Ensure that **Type Approval documentation** is available.

Job Id: **262.1-008842-3**
Certificate No: **TAK00001AX**

- Review design, materials, production process, and performance with respect to possible changes, in order to ensure compliance with **Type Approval documentation** and/or referenced material specifications.
- Ensure traceability between manufacturer's product marking and the DNV GL Type Approval Certificate.
