Job Id: **262.1-006835-3**
Certificate No: **TAM00000ST**

Product description

Flexible rubber elements between steel plates.

Place of production

Wärtsilä Finland Oy, Finland
Reka Rubber Ltd, Finland
Trelleborg Ersmark AB, Sweden

Application/Limitation

The rubber mounts are approved for use in foundation arrangements for medium speed engines. Rubber mount characteristics and data as given in test report approved 00-10-27.

Marking of product

The product to be marked with manufacturer's name or trademark, type number identification, manufacturing week and year.

Periodical assessment

For retention of the Type Approval, a DNV GL surveyor shall perform an assessment after 2 years and after 3.5 years to verify that the conditions of the type approval are complied with. A renewal assessment will be performed at renewal of the certificate.

In cases where the Type Approved product is manufactured at other companies, the Periodical Assessment shall verify that the Type Approval applicant has a quality control system for consistent production at their licensees/subcontractors. Furthermore, Periodical Assessment shall be carried out randomly at these companies.
