

Certificate no.:
TAP0000330

TYPE APPROVAL DESIGN CERTIFICATE

This is to certify:

that the **Wind assisted propulsion system**

with type designation(s)
Norsepower Rotor Sail 24m x 4m

issued to

Norsepower Oy
Helsinki, Finland

is found to comply with

DNV standard DNV-ST-0511 – Wind assisted propulsion systems

Application:

Wind assisted Propulsion System for installation on ships not purely relying on the additional thrust generated by those, being able to safely navigate with them in operation and also without them contributing, in all possible operational and environmental situations, as outlined and limited on page 2 of this certificate and in the design documentation.

Product(s) approved by this certificate is/are accepted for installation on vessels classed by DNV.

Issued at **Høvik** on **2025-10-10**

This Certificate is valid until **2030-10-09**.

for **DNV**

DNV local unit: **AC Europe Hull - Passenger & Ro-Ro Ships & Load Line**

Approval Engineer: **Hasso Hoffmeister**

This Certificate is subject to terms and conditions overleaf. Any significant change in design or construction may render this Certificate invalid. The validity date relates to the Type Approval Certificate and not to the approval of equipment/systems installed.

LEGAL DISCLAIMER: Unless otherwise stated in the applicable contract with the holder of this document, or following from mandatory law, the liability of DNV AS, its parent companies and their subsidiaries as well as their officers, directors and employees ("DNV") arising from or in connection with the services rendered for the purpose of the issuance of this document or reliance thereon, whether in contract or in tort (including negligence), shall be limited to direct losses and under any circumstance be limited to 300,000 USD.

Product description

Rotor Sail 24m x 4m, Wind assisted propulsion system.

Application

General:

"Norsepower Rotor Sail 24m x 4m" underwent a **design assessment** according to DNV-CG-0550, Sec.3 [3.2.1]. The Type Approval Design Certificate is valid for the type and version described and the conditions defined in the design documentation.

The design of the "Norsepower Rotor Sail 24m x 4m" has been approved with regards to an installation on ships, including the design loads and environmental conditions as specified in DNV-ST-0511 Wind assisted Propulsion systems.

The Type Approval Design Certificate is valid for the type and version described and the conditions defined in the design documentation.

Limitations:
