Job Id: **262.1-027980-1**
Certificate No: **TAS00001GT**

Product description

Weathertight, sliding steel door for mounting on flanged pipes on external decks.

The opening is to have a maximum size of Ø700 mm, and closing is to be mounted with through bolts to the pipe flange.

Application/Limitation

The door may be fitted in locations where weathertight closing appliances are required for flanged pipes on external decks. The design pressure at the location where the door is fitted is not to exceed 70 kN/m².

The door is to be secured by hydraulic lock in closed position to ensure weathertightness.

The type approval does not cover the dimension and support of the pipe or arrangement for remote operation of the door.

Type Approval documentation

DN600 Rev.C dated 20.12.2017 created by Astroplast + detailed drawings
DN500 dated 27.03.2018 created by Astroplast + detailed drawings

Tests carried out

Test performed and results accepted on 14.02.2018.

Marking of product

The hatch is to be marked with DNV Type Approval certificate number TAS00001GT.

Periodical assessment

DNV surveyor is to be given permission to perform Certification Retention Survey at any time during the validity period of this certificate. The arrangement is to be in accordance with procedure described in Item 4.3, Certificate Note No. 1,2.
