Responsibility

Hunting Energy Services (Well Intervention) Limited takes full responsibility that both the design and production are in compliance with the Rules, Standards and / or Regulations listed on page 1 of this Type Approval Certificate.

Product description

This type approval certificate replaces TAS00002KM.

Maximum external dimensions (LxWxH)	: 6058 x 2438 x 2896 mm
Tare mass *	: 24000 kg

*) Tare mass is to be confirmed by weighing and it shall never exceed the maximum gross mass stated on the front pages of this certificate.

Application/Limitation

Design temperature	: -20 °C
Minimum shackle pin diameter	: 36.8 mm

The DNV surveyor shall witness all important production and testing events and issue a certificate for each container. The certificate is only valid when the container is fitted with a DNV-ST-E271 certified lifting set.

It is noted that this container can be classed as an ISO freight container in accordance with International Convention for Safe Containers, 1972, CSC - 2014 edition. If this frame is to be used as a freight container and transported as such, in international waters, it should be approved accordingly by an approval organization body.

Type Approval documentation

Tests carried out

Prototype no. S72A0976 and WO72A2768-1 tested in accordance with DNV-ST-E271.

Job Id: **262.1-032789-2**
Certificate No: **TAS00003G0**

Marking of product

Each container to be marked in accordance with DNV / ISO requirements, including:

- Data and inspection plates
- DNV emblem for offshore containers
- NV mark to be hard stamped on the data plate
- Manufacturer's Serial Number to be welded on frame

Periodical assessment

In order to maintain the validity of the type approval certificate, periodical assessments should be carried out according to DNV-SE-0284 at 2 and 3.5 year intervals. Periodical assessments will, when possible, be harmonised with other surveys and audits carried out.
